

MARCH-APRIL 2023

ISSUE NO. 5

NEWS LETTER

"Those who in charity spend of their goods by night and by day, in secret and in public, have their reward with their Almighty: on them shall be no fear, nor shall they grieve"

Humanity Needs Help!

This year was tough for us as a nation. With the monsoon spell hitting the different parts of the country, we all are aware of the destruction it caused in interior Sindh, Swat and Baluchistan in the form of Flood Emergency. In these testing times, we at DM School System along with the help of our students, parents and faculty members, have successfully conducted 2 flood relief drives in order to show our solidarity with all those who are suffering.

We thank all our parents for the generous donations and saying Labaik on the call for helping the flood victims. Your contributions were forwarded to Al Khidmat Foundation. May Allah accept our good deeds and reward us here and in the Hereafter. Ameen

We are extremely proud of our students for their hard work and diligent efforts. Keep making us proud!

Independence Day :

Pakistan celebrates the anniversary of its declaration of sovereignty and Independence on August 14th. One of the main reasons we celebrate Independence Day is to remind the next generation of the sacrifices our forefathers made to make our nation a safe place for us. We commemorate this day to instill a sense of patriotism in our young people. As a result, it is now our responsibility to serve the country and do everything in our power to improve the quality of life in our community. We should all act in unison and with one another. We can only make our nation great by working together. We fervently pray for the honesty, unity, and progress of our beloved motherland. At DM School System, the celebrations of the 75th Independence Day were joyful.

Defence Day :

Pakistan demonstrated in 1965 that, although being a new country, it was capable of handling difficulties that arose after an unreported war was fought. DM School System, along with the entire nation, proudly pays honour to our heroes in the armed forces on Defence Day, September 6. The entire nation, the civilians and the military, came to its support

Red Day Activity:

Introducing children to, and educating them about colours, develops their visual perception, which is the brain's capacity to properly interpret what the eyes see. To help children recognize the colour "red," in the month of September, Play Group class activities were centered around Red Color. To nourish their understanding "Red Day" was celebrated in Playgroup section.

Teachers' Day:

"If there were no teachers, all the other professions would not exist" Being a teacher is a noble profession and deserves all the respect. Teacher's Day is celebrated around the world on 5th October. This day was one of the most exciting and colorful day for DM School system. The students paid tribute to their teachers by decorating their classes, presenting them chocolate and handmade cards. Students also recorded a heart felt song for their teachers, which truly touched everyone's hearts.

(Primary ,Campus 2)

Head Boy: Anas Kashif
Deputy Head Boy : Haris Waqas
(Primary ,Campus 2)

Elections:

Along with academics, DM's motto is to provide an opportunity for students to participate in the democratic process of choosing their representatives. This will enable them to enhance their leadership and decision making skills by voting for their favourite candidates. Throughout the month, the students promoted themselves through campaigning.

Oath Taking Ceremony :

DM School System hosted a Student council Oath taking ceremony 2022, in an effort to encourage young individuals to regularize student body and become responsible citizens. DM students vowed under oath that they will be responsible members of the student council and will abide by the rules and regulations made by the school to guarantee themselves, and the student body, a better campus life.

Post Day :

DM School celebrated Post Day which is globally celebrated on 9th of October. This day is dedicated to honor the first service that worked for bringing people closer irrespective of distance. We encouraged students to write a letter to their closest relatives on given topics. The students took active part in this activity and found it more enjoyable than contacting on social media.

Global Hand Washing Day:

October 15, Global Hand Washing Day is a global advocacy day dedicated to increase awareness and understanding about the importance of hand washing with soap as an effective and affordable way to prevent diseases and save life. It was celebrated at DM School system to make our little DMians aware that hand washing with soap prevents and reduces the diseases, improves school performance, reduces infections and can help control current and future pandemics.

House Captains

Breakfast Day:

It has been proven that breakfast enhances a child's cognitive abilities, particularly in the areas of memory, attention, and orientation. It boosts academic performance, including grades in school and scores on proficiency tests. Kids who have breakfast are more likely to consume healthier meals and engage in physical activity. The child becomes sleepy and restless after skipping breakfast. For the following day, their bodies require refueling in the morning. Our pre-primary students enjoyed a healthy 'Breakfast Day' in October, in an effort to further spread awareness among them regarding importance of breakfast.

Seerat -Un-Nabi Conference Day:

"The purpose of the Serat-un-Nabi conference was to shed light on the various features of the life of the Holy Prophet Hazrat Muhammad (PBUH). After a period of roughly 600 years without a prophet on earth, Allah Almighty showed mercy to wandering humans in 570 AD and sent his final Messenger, Hazrat Muhammad (Peace Be Upon Him), to draw them out of the darkness of ignorance and show the righteous path, leading to success in this world and the hereafter. Holy Prophet (PBUH) is the ideal role model for us to follow in living our lives. We arranged Seerat-un-Nabi (PBUH) Conference, in which students demonstrated their devotion to the Holy Prophet (PBUH) by reciting solo renditions of Naats and delivered enlightened Hadith-e- Nabvi S.A.W.

Hands-On Learning:

In contrast to simply being told about something, hands-on learning involves doing and experiencing it. Through experimentation and exploration of the issues, resources, and materials they'll frequently encounter in their life, students are prompted to think creatively and critically. Students benefit from hands-on learning by better understanding subjects and feeling more confident.

Prefectorial Council

Photography Competition

Earlier this term, DM challenged the hidden photographer in every individual by hosting many beautiful entries via a photography competition that provided a platform to our DMians to showcase their talents. We are proud to announce that we narrowed down to three winners out of many talented,

Congratulations to the winners of photography competition.

1st Position: Shahzain
Batch of 2022

2nd Position: Amna Junaid
XB

3rd Position: Muqaddas Fatima
VIIB

Peace Day Art Competition

The topic for International Peace Day 2022 was "Say No To Racism". We gave an opportunity to our students to express their thoughts on this issue through their art. We are proud of the creative work we have received throughout. Nonetheless, this was a competition so there must be winners. Here are our winners for International Peace Day Art Competition Session 2022-2023!

1st Position: Ayesha Khurram
VIIC

2nd Position: Hafsa Farooq
XB

3rd Position: Hafsa Abdullah
XA

Books Donation Drive

We at DM school system do not only build our students academically, but also build their moral and religious character. Students donated assorted books from different genres and donated to an unprivileged school in Surjani town, in collaboration with Khadija Kazi Ali Memorial High School.

Students' Corner

DM is a top notch cost-effective school in town which helps every parent to provide good education to their kid easily. This school produces a student as an all rounder star. Providing students with the premier faculty is one of their uncompromising deeds. The school makes students learn a lot with activities which shows the toiling attitude of school towards students. Educating and Upskilling tutees helps them to uplift their careers. Likewise, the environment DM school provides makes parents complacent. Eagerly and excitedly a student loves to be the part of DM as it provides a friendly, secured and guarded environment.

Next, the teachers not only teach discipline but also try to teach them the ethics and their fundamental responsibilities towards others. School gives respect to students and also motivates them towards it.

The staff at DM is immensely helpful and kind. They are always there for us and also there to make sure things are running smoothly. Prepared and geared, a student joyfully goes to school as they lay out a myriad of facilities and co-curricular activities. Infact, DM school is furnished with a lot of annual events, which incorporates; sports day, science arena, art and declamation bouts. Additionally they take students to the field trips as well as to the educational trips in order to upskill them.

Annually they make a student council by voting candidates on the election day. The Council performs their respective duties well throughout the year. Besides, students playing in a voluminous playground makes them physically as well as mentally fit and active. Likewise, if a student is a bookworm, DM also provides the spacious library with a massive variety of books.

In a nutshell, the school makes students groomed and boosts their confidence. Also, it provides students with a variety of activities. Most importantly, it is said to be the favorable school in the town providing the finest faculty.
